

# MINUTEMAN II & WHEELMAN II 5 cu. ft. Portable MultiMixers

The Minuteman and Wheelman continue to reign as the “World’s Finest Portable Concrete Mixers”. Like all champions the Minuteman and Wheelman are a unique blend of power, speed and reliability.

## Contractors Speak Up

*I bought a gas power Wheelman for a contract in NW Washington D.C. It easily mixed 330 bags of Sacrete (80 pound bags). We couldn't pump in Redi-Mix because this contract was located in a very sensitive green area. The Wheelman is a great piece of equipment and it's simple to clean!!!*  
 – Steve Cullen, Owner, Cullen Landscape, Washington D.C.

*Mace, this mixer is great. I thought it would dog mixing my mortar for small remodel jobs; no way! Great product.*  
 – Mike Duke, Owner, Duke Industries, Boca Raton, Florida

## Speed

Mix 200 - 275 lbs. of mortar, stucco, grout, or concrete in less than 4 minutes.

## Gas Power

Working on a jobsite without electrical power, no problem, the Wheelman is available with a 3 h.p. Honda engine.

## Portability

In just a minute, the Minuteman or Wheelman can be “knocked down” into 3 easy to load components. All this by one person, with no tools required!

## Power

The fully enclosed 1/2 h.p. 110v industrial grade motor with direct gear drive provides non-stop performance on any construction project. These mixers truly are Contractor duty!

The Poly Drum is available on the Wheelman only.

Optional WHEELMAN stand shown here.
